LANDE HIERBAS DE IBIZA

A perfume that evokes the aroma
of the nature of the island

The Hierbas de Ibiza brand has conceived one of the most successful products on the island in recent times. Its perfume began in 1965 as a unique fragrance that Torres jewellers offered to their customers. However, in 1997, the current generation resumed the essence and marketed it throughout the world.

Cult brand

Hierbas de Ibiza is considered a "cult brand" that pays tribute with its creations to the spirit of the island: true luxury resides in the small pleasures of life. For this reason, Hierbas de Ibiza amenities are perfect for high-level accommodation with great charm that wish their clients to feel unique and welcome.
